

As a UAMS nurse, I embrace our core values and I am “all in” to live out these values for my patients, my teammates and myself.

I will –

- Make sure honesty, integrity, and patient centeredness guide my practice
- Give my personal best to my patients and my UAMS Team
- Make excellence the standard, not the exception
- Be a dependable team member that is known for not just “showing up” but standing out as a role model
- Be an advocate for my patients and team members, even if it means stepping out of my comfort zone
- Learn from my mistakes and be accountable for my practice
- Celebrate my teammates' wins as loudly as my own
- Invest in my own growth, because a better nurse means better care for every patient I touch
- Commit to excellence not as something I strive toward, but who I am as a UAMS nurse
- Speak up and act without hesitation when I see opportunities for better patient care
- Embrace an intentional commitment to continuous improvement . . . “today's ceiling is tomorrow's floor”
