How to use Pathway

Pathway is designed to help you get from one place to another at UAMS. A Pathway designated by overhead symbols and rings on the floor provides a convenient path to and from many of the most common destinations in the buildings and parking lots which are connected.

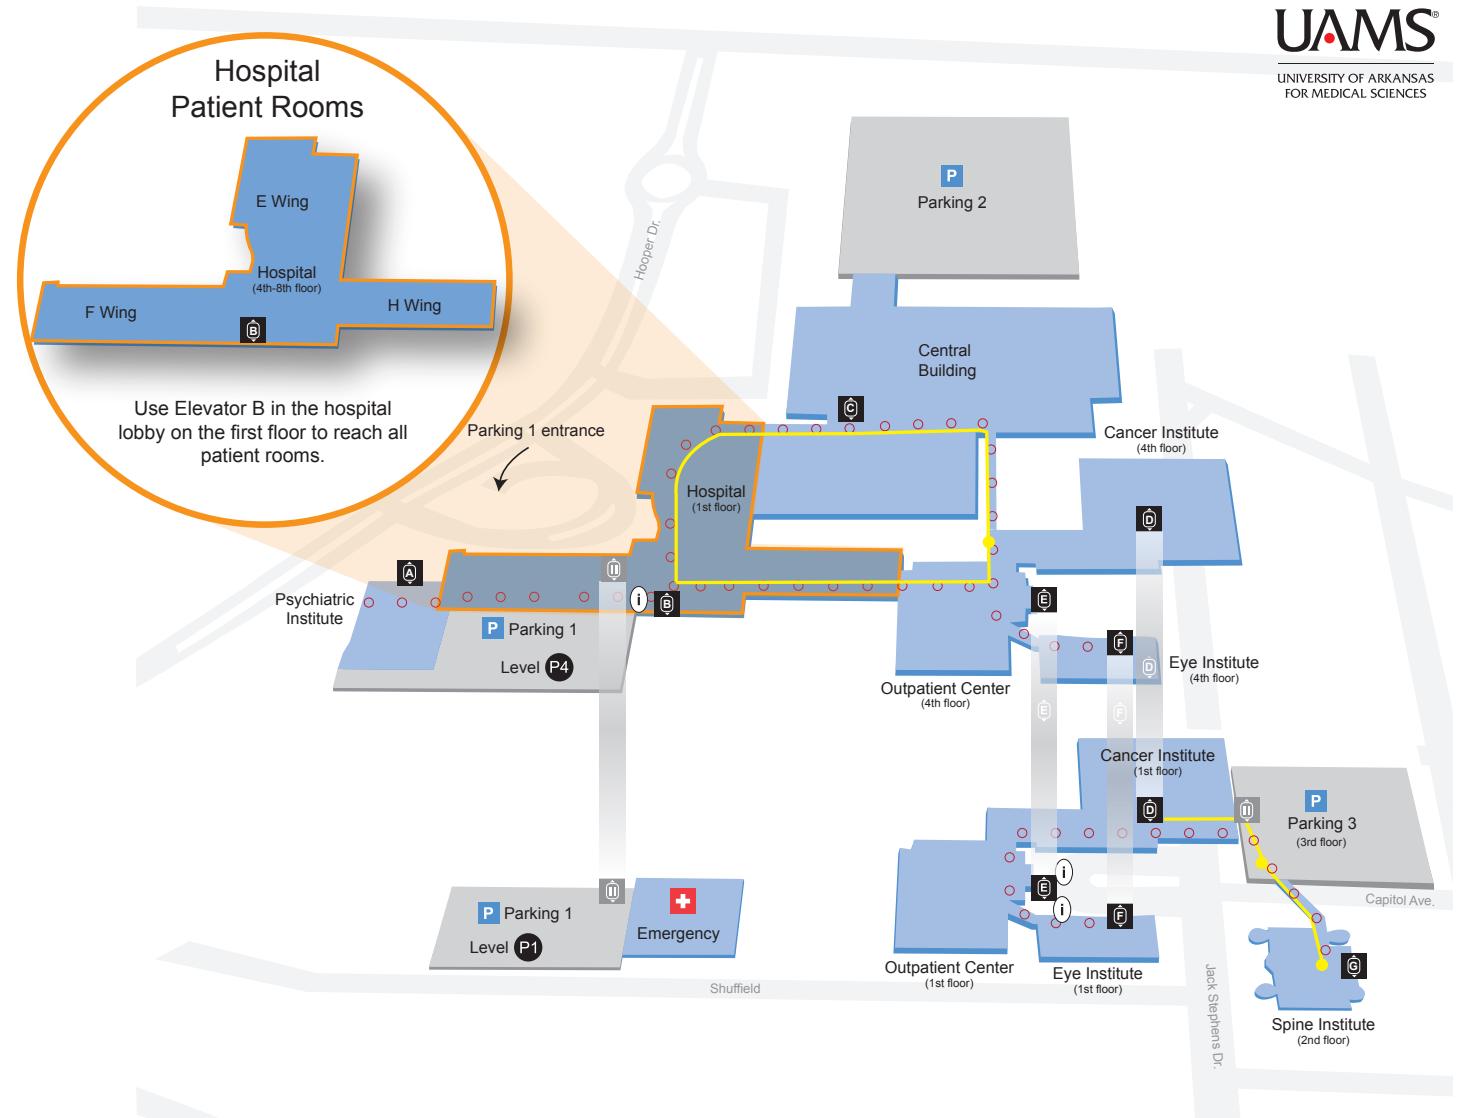

Elevators serve as landmarks along the Pathway. Use this Pocket Guide or the Pathway Web site to locate the elevator landmark near your destination.

Elevator directories and signs at each elevator landmark will provide specific information to help you find your exact destination.

How to use this directory

1. Identify your destination and its landmark elevator below.
2. Locate the elevator for your destination on the building diagrams.
3. Follow the Pathway — marked with rings on the floor — to the landmark elevator.
4. Use the signs along the Pathway and the elevator directory at your landmark to find your exact destination.

Destination	Landmark	Destination	Landmark	Destination	Landmark
A		F		P	
Administration -- hospital	C	Food and Beverage	B	Patient Rooms	B
